

Dear Mr. Bear

This Letter is to acknowledge the tremendous work you did for us. Your work exceeded the initial requirement and went beyond the call of duty. We extend our most genuine gratitude to you for the professionalism and honesty you illustrated throughout the case. We really appreciate you having our best interest at heart and not endeavoring to take us for extra money at any point throughout the proceeding. We have previously been misled by attorneys who seemed to be out to extort us for extra money. Your merit would be appreciated by all clients, but is most cherished by us. You worked assiduously on the case and did not leave it unresolved as did other attorneys prior. We consider you a blessing for the work you accomplished for us and we are more than delighted with your work. We would recommend you to anyone in need of a superior attorney.

With Profound Gratitude
